Contract type: Permanent / Tenure-track positions.

About the Position

The **Department of Economics** at Institut Polytechnique de Paris (IP Paris) invites applications for **three faculty positions** at the ranks of Assistant Professor and Associate Professor.

We welcome applicants from **all field of economics**, though specific research profiles are particularly sought for two of the openings (see details below). Candidates should demonstrate a strong record - or clear potential - for excellence in research and teaching.

Successful candidates will join the **Centre for Research in Economics and Statistics (CREST)**, an interdisciplinary community of around 50 economists alongside scholars in statistics, finance-insurance, and quantitative sociology, providing a vibrant and stimulating research environment.

Details of the Openings

- **ENSAE Paris - Assistant Professorship (tenure track)**

Applicants specializing in **Econometrics** are particularly encouraged to apply.

- **Télécom Paris - Assistant Professorship (tenured)**

We seek a junior researcher in **Digital Economics** and **Industrial Organization**.

- **École polytechnique - Assistant or Associate Professorship (tenure track or tenured)**

Open to **all fields in Economics**.

About Institut Polytechnique de Paris

The Institut Polytechnique de Paris (IP Paris) is one of France's most prestigious institutions for higher education and research in science and engineering. It brings together six renowned schools: **École polytechnique**, **ENSTA**, **École nationale des ponts et chaussées**, **ENSAE Paris**, **Télécom Paris**, and **Télécom SudParis**.

Additional Information

- **Language:** Knowledge of French is not required for any of the positions.
- **Salary:** Commensurate with qualifications and experience.
- **Application deadline:** November 16, 2025 (midnight UTC).
- **Posting end date:** February 20, 2026.

Commitment to Diversity and Inclusion

The Department of Economics at IP Paris and CREST value diversity and inclusion. We aim to foster a welcoming environment for students and researchers from **all backgrounds, nationalities, and genders**.

IP Paris is an **equal opportunity and affirmative action employer**. We strongly encourage **women and member of underrepresented groups** to apply.
